# A message from the President

Having celebrated our 50th anniversary as a company we want to again extend our appreciation to customers, vendors, and team members, past and present, for the privilege of working together towards our common goal of beautifying spaces and fostering success in gardening. As we look forward to the next 50 years and building into future generations the same passion for gardening, we are excited about the opportunities presenting themselves to continue working towards those goals in new and creative ways!

One area of focus this year has been improving our ability to ship stock tag orders promptly. We have noted your repeated feedback on this matter and are actively working to improve our processes. With the frequent introduction of new varieties annually, we are constantly refining our safety stock management to ensure we maintain the correct selection of stock tags while meeting delivery expectations. As always, the more lead time you can give us when placing your orders will help to ensure complete orders are shipped on the requested date.

Items to note for 2024-2025:

1. Stone Paper - A NEW eco-friendly substrate option for many print usage cases.
2. Updated standard terms of 8/30/NET 45 (on approved credit).
3. A new line of Proven Winners bench cards and signage now available through Horta-Craft.

From my family to yours, we wish you the best in the upcoming year!

With warm regards,

Paul Lofgren, *President*
